TROST MEETS WITH PRIME MINISTER HARPER

Ottawa – Conservative MP Brad Trost met with Prime Minister Stephen Harper in Ottawa yesterday.

“I welcome this opportunity to bring the concerns of my constituents right to the Prime Minister,” said Trost, MP for Saskatoon-Humboldt.

“As seeding time approaches, many farmers in my riding have expressed the need for better designed agricultural programs. Programs that bring assistance directly to the farm gate.”

“I brought the views of my farmers and ranchers to the Prime Minister’s attention,” Trost added.

“Thanks to the constituents of Saskatoon-Humboldt, I now have the ability to bring their concerns directly to Prime Minister Stephen Harper,” Trost said.
